

OPEN HOUSE FOR PROPOSED COMMUNITY SOLAR FARMS IN DUANESBURG

Eden Renewables is bringing low cost, natural power to your community.

Join us to learn more about the proposed community solar farms in Duanesburg.

The farms will generate enough green electricity to power approximately 2,450 homes.

This open house is hosted by Eden Renewables, an Upstate NY-based solar developer that puts the community at the heart of its developments to:

- Save residents and businesses money on electricity bills
- Provide grazing and pollination spaces for local farmers
- Bring economic, social and environmental benefits to the community

Wednesday, July 31 | 3–7 p.m.

Duanesburg Volunteer Ambulance Corps

130 Cole Road, Delanson, NY 12053
