Good afternoon,

I have received your request and will forward it on to the appropriate departments for them to gather the information. I will let you know when everything is available and send it over to you via email as you requested.

Freedom of information requests are not handled through the town board and this should not be read at tonight's meeting. We will be in contact with you as soon as we gather the information you requested. I would expect it should be available by the beginning of next week.

Thank you and have a great day.
